K 1600 B & K 1600 Grand America (K61) Accessory Overview

Overview: BMW Motorrad has entered the Grand American Touring sub-segment with the K 1600 B & K 1600 Grand America. The bagger stands for cruising on endless highways, for the dream of freedom and independence – the essence of American Touring. BMW Motorrad offers a large number of accessory products suitable for the K 1600 B & K 1600 Grand America which leaves no wish unfulfilled:

- The advanced rider footboards and the passenger footboards are, as ever, perfectly adapted to ergonomics and integrated into the look of the motorcycle.
- The case liners offer traveling comfort, as is rightly expected from a BMW tourer.
- The designer forged wheels and various chrome sections (wind deflector, mirror cap, slipstream deflector, case strips) set visual accents.
- The powerful LED additional headlights enhance active safety.
- A sturdy stainless steel engine protection bar and impact guard for the touring cases are available to protect the motorcycle.
- Further comfort is offered by the ground light and practical assistance systems such as Hill Start Control and Shift Assistant Pro.
- The Navigator VI or Navigator V provides an attractive navigation system, which is easily operated using the motorcycle Multi-Controller.
- The anti-theft alarm system or the brake disc lock with anti-theft alarm system are effective in preventing theft of the vehicle.
- The equipped K 1600 Grand America also gets a few options that can be added as accessories like comfort armrests for the passenger, topcase chrome center piece, and the topcase inner bag.
