R 1250 R (K53/11) & R 1250 RS (K54/11) Accessory Overview

Overview: For the R 1250 R and R 1250 RS models, the original BMW Motorrad range of accessories offers a large selection of customization options that leave nothing left to be desired. The options available start with HP parts and range through multiple storage options as well as a number of design components. Options also include versatile ergonomics for added comfort, safety related features, a modern navigation device and communication system. Many of the familiar products have been continued from the predecessor models and, once again, the overall range of equipment has been significantly expanded.

- The new HP Parts create visual highlights and underscore the sporty character of the machine: cylinder head covers, engine housing covers, covers for expansion tanks, mirrors, adjustable handlebar levers, adjustable rider foot levers, adjustable foot levers, clutch levers, brake levers
- In addition to the touring cases, the small topcase, passenger seat bag, and tank bag is an alternative option that offers ample storage space.
- Personal comfort needs can be met by various windshield and motorcycle seat options.
- Style-defining accents are also created by the following new parts of the Option 719 parts with their billet aluminum look: Classic cylinder head covers, Classic front engine housing covers, Classic adjustable rider footrests, Classic adjustable foot lever, Classic adjustable handlebar lever, silver mirror, Classic covers for expansion tanks.
- Additional items added to the Option 719 category include the new front and rear wheel sets offered in two color options: Sport and Classic.

- More active safety is provided by familiar products such as powerful additional LED high-beam headlights, cylinder-head cover guards and engine protection bars.
- The Navigator VI is an attractive navigation system that can be conveniently operated with the motorcycle's Multi-Controller along with the new Fit-for-All communication system.
- The wide range of accessories is rounded out by familiar products for all models such as the locking screw for the oil filler neck that is now offered in the black color option, rear axle cover, foldable backpack, tire pressure travel pack, large or small first-aid kit, BMW Motorrad battery charger, and various BMW chemical products.

Parts Information: Please see the attached list on the following pages for detailed parts information.

Note: Prices listed are M.S.R.P. and may be subject to change.
